Locked out with key on the inside ! 10 / 10
 Not knowing who to contact I used a national company .. I was dubious about locksmiths (maybe too much rogue traders), so thought best to go national thinking it would be safer option! Warren arrived acting on their behalf and was very professional, very friendly and informative and was in within seconds with no damage The service was top notch and now knowing what I know it, would have been wise and cheaper to go direct with war-lock .. take my advise and go local with this company, You wont be disappointed. **Customer in Storrington , 23 April 2012**
