Boiler Installation

10 / 10

Clive was excellent in identifying the best product for my property type, sourcing the materials and installing the boiler. He gave me an estimate of cost and time and stuck to both of these, he also left my house in exactly the state he found it. In all my dealings with him he was very professional and courteous and I would highly recommend him to all my family and friends. **Customer in Hertford, 24 April 2012**
