Rear single story pitched roof extension and internal steel works to create Family room 8.8 / 10
Alan has a great team of guys, all skilled in their own fields. The project was consistent from beginning to end. The end results were a good quality build at a fair price, delivered on time. We would recommend this firm. **Customer in Godalming, 16 December 2011**

Single storey extension and also formation wet room 10 / 10
Am delighted with my new extension and wet room. I found all of Alan's team very skilled hardworking and easy to have around. Standard of workmanship is of a high quality. Extra work was needed and also added and Alan was very careful to discuss costs with us and to keep them as reasonable as possible. Alan was always very professional but patient and approachable, so a stress free build for me! Cannot recommend this firm highly enough. **Customer in Farnham, 10 June 2011**

Removal of chimney and fireplace; framing a new internal doorway; moving a partition wall; 9.5 / 10
The work was carried out efficiently and always with regards for what we wanted done - even when that required calling us abroad or moving a wall. The workers were not only competent but also polite and always tidied up before leaving the house. We would have them back for other work. **Customer in Guildford, 2 March 2011**
