Most Recent Customer Feedback

Adjusted aerial and installed new amplifier

10 / 10

Very friendly and confident service, Glen and Pete set straight to work. They managed to get a great signal from Midhurst, a previous company had said this would not work. I would recommend Wear to anybody. **Customer in Haywards Heath, 10 February 2012**

Two internal aerial connections installed in two bedrooms

10 / 10

I am a very happy customer. The guys came when they said they would. They listened to my request for tv extensions in two of my bedrooms. They investigated and provided a couple of options on the best way to achieve this regarding cabling and socket location and then worked quickly and competently. They were both tidy and friendly and I would definitely recommend them to others. **Customer in Lewes, 10 February 2012**

Fixed our satellite dish then came and installed a television in our kitchen

10 / 10

Glen and his colleague were working next door and I grabbed them by chance, asking if they had time to come and look at our dish. It was no problem to pop round and they managed to fix it on the spot. I then decided to have a television installed in the kitchen and the guys did a fantastic job. They were friendly, discussed all possible options and prices before we started and we are extremely pleased with the work they have done for us. Highly recommended! **Customer in Burgess Hill, 9 February 2012**

Fixed Sky Dish

10 / 10

Sky dish got out of alignment after a tile guard fell from the roof. Phoned and left a message on Sunday. Glen called straight back, same day and we fixed a date and time. They sorted out the dish in minutes. Just had to pay the call-out charge. Punctual, efficient, reasonable. **Customer in Hassocks, 7 February 2012**

Secured TV aerial to wall when it became loose due to high winds

10 / 10

Having advised Glen over the phone of what was wrong with the aerial, Glen gave an estimate of costs and made an appointment for the next working day (I called him on Saturday, appointment was for Monday). Glen kept to the appointment time, did the work required and charged exactly as per his estimate. **Customer in Crawley, 16 January 2012**
