Heating not working because of a large airlock which was sorted. 10 / 10

We had been told by two other plumbers that we would need a full pressure wash of all the radiators, but when Dan came to estimate, he stated that he wasn't convinced that we needed to go straight to the expense of this work until he checked further. So he came round 2 days later and found the problem and dealt with it very efficiently. Therefore the bill was over £200 cheaper as the problem was solved without the pressure wash. **Customer in Fareham, 16 May 2012**

Removed old combi boiler and fitted a new Vaillant Eco boiler 10 / 10

Dan and Luke were great, will employ them again and recommend them to everyone and anyone. All work done in much less time than expected, didn't even stop for a cuppa. The boiler is great and I am really pleased with it. Nice people to have around. **Customer in Fareham, 14 May 2012**

New Boiler Installation 10 / 10

I would be very confident to recommend Wet and Wilde to anyone and would certainly use their services again. Clean and tidy and showed great knowledge of the job in hand, my house and its plumbing and wiring etc is a bit "Special"! But this was no issue for Dan he sorted it all out for me no issues. Use with confidence, a proper tradesman. **Customer in Gosport, 11 May 2012**
