A loft conversion with dormer and gable. 10 / 10

The team were excellent, always approachable and helpful if there were any concerns or questions. Minor changes to the plan were proposed by them which benefited us a lot. Considering the size of the project there were only a few hiccups and these were dealt with quickly and efficiently. The whole experience was as pain free as it can get and we felt comfortable having them around. We fully recommend Wightley Construction. **Customer in Southampton, 1 December 2011**
