Most Recent Customer Feedback

Design and build of combination book case / wine rack 10 / 10

Trevor called round to take the brief and to listen to our ideas. He then went away and provided a quote and an excellent detailed sketch of what he had designed. Once we had approved the design he went and constructed the furniture and then installed it personally. It was exactly what we wanted, and some of the detail exceeded our expectations. A true craftsman and a very nice person to do business with. We can genuinely recommend Trevor's work most highly.
Customer in Addlestone, 17 January 2012

Designed, built and fit kitchen mantle, butcher block and corbels. Also rebuilt airing cupboard. 10 / 10

Trevor listened to our requirements and did an excellent job. We were extremely pleased with all the finished products. He then returned to rebuild our airing cupboard following major plumbing work. I would recommend this company.

Staircase Renovation 10 / 10

If you want a joiner who is passionate about his work then look no further than Trevor. He is extremely knowledgeable on all aspects of joinery, gives you brilliant money saving advice (materials etc) and contributes much thought to the job in question. For me he was a saviour as so many other joiners had no time and inclination to help and I needed modifications to my staircase as I am pregnant so that I am more safe. We are delighted with his workmanship and are currently developing plans to turn the under stair area into a highly practical shoe storage space - another one of his great suggestions.
Customer in Twickenham, 15 December 2010

Cupboards/drawers built and installed 10 / 10

I would recommend this company. **Customer in Xx, 11 December 2010**

Built fitted wardrobes

10 / 10

Excellent job. A real craftsman, skilled in carpentry with a great attention to detail. We now have a lovely piece of furniture not just a wardrobe. We would use him again. **Customer in Walton-on-Thames, 30 September 2010**
