Solid oak floor procured and fitted throughout house 9.8 / 10
 Very good service from selection, they even tried to source 'Olive Woo'd planks from Europe, which didn't quite work out (not their fault). All the way through to being punctual and on schedule starting and finishing the work. Lastly after having sourced few quotes, they supplied a very fair price for the quality of goods installed. **Customer in Guildford, 20 January 2012**

Installing oak flooring to dining room, hall, stairs and landing 8.8 / 10
 We had quite a complex job to be done and the overall result is very good, however some more attention to detail would have been appreciated. **Customer in Woking, 10 November 2011**

Reply from Trader:

I feel that I have to disagree with the customers comments. At the customer's request we resanded the floor 3 times, skirting changed at the customer request due to the grain not matching but this has to be accepted if using natural material. We have been back to the job on numerous occasions to ensure customer satisfaction. To date we have not been paid in full for the work undertaken.
