Most Recent Customer Feedback

Update former garage for residential use

10 / 10

All done very professionally and to a very high standard. Mr Woodley and all his colleagues were efficient, tidy, pleasant and work completed on time. Mr Woodley always consulted us on all aspects of the work prior to commencement which meant there was no misunderstanding and therefore everything was completed to our mutual satisfaction. I have now asked Mr Woodley to quote for another job and would happily recommend him to anyone.. **Customer in Billingshurst, 28 October 2011**

Bike/log store - wooden tiled freestanding lean-to

10 / 10

A very creative and effective solution, thanks a lot! **Customer in Horsham, 24 September 2011**

Rebuild a small dwarf wall on outside of house

10 / 10

Small job completed to the quoted price and work performed promptly. Site left clean and tidy. I would recommend this builder for any house repairs and other building work. Very pleased with the quality and professionalism of the work. **Customer in Horsham, 23 September 2011**

Brick pillar rebuilt

10 / 10

Very pleased with the finished job, will definately use Woodmead Construction again. **Customer in Horsham, 16 September 2011**

Re-build brick pier and constructed a bike store

10 / 10

Peter and Ben did a wonderful job, in spite of our changeable weather! Ben's brickwork is great, and the bike store is a work of art, it is well supported without the use of uprights, and the cedar shingles were an excellent idea. Our huge thanks to Peter for coming in below quote. Everything was left clean and much tidier than when they started. Would have absolutely no hesitation in recommending Woodmead unreservedly or in using them again. **Customer in Horsham, 5 September 2011**
