Repair PC and set up wireless network. 10 / 10
 Giles provides a first class service. He was polite, professional and extremely helpful in every way possible. He kept me up to date with the progress of the work and returned promptly to set up our PC once he had repaired it. He then emailed me with details of suitable printers and I will be asking him to set one up for us in the near future. I would thoroughly recommend him to anyone in need of PC help. **Customer in Camberley, 25 January 2012**
