House refurb.

10 / 10

Phil took on the refurb of a house we bought as a rental property. We needed, new kitchen, bathroom, new doors throughout, walls moved, floor repaired, etc. Etc In total it spanned Feb, March and April and without Phil the process would have been so much more stressful because he managed the other trades coordinating when the work was done and overseeing that the work was done to a satisfactory level. I wouldn't have any hesitation in recommending him in fact he's starting another project of ours in July! **Customer in Brighton, 1 April 2012**

Refurbishment of sash windows

Phil has worked for us on several occasions and has just finished another job refurbishing some sash windows to include new weights and draught-proofing. He has also replaced some bedroom floors for us and tiled our bathroom floor. He started and finished the work in the agreed time and for the agreed price. **Customer in Brighton, 1 November 2011**
