#### Kitchen Refurbishment plus windows

10 / 10

Yonico has done previous work for me so I asked them to come and refurbish my kitchen. I loved the design ideas they had and now have beautiful new kitchen with modern features and safety windows. It looks amazing and all my guests always ask for my builders name and number. The finish is perfect, with a level of workmanship and care you just don't get anymore and they always found a solution to the problems we came up against. What I also loved is they start early and finish late, no clocking off at 4:00, lots of tea and biscuits and they do a full days work. **Customer in Purley, 31 March 2012**
