Replacing bulbs etc 10 / 10
 Everything fine **Customer in London, 17 July 2011**

Lighting and Sockets for outbuildings, down lighter firehoods for house 9.3 / 10
 Chris at C.J Sparks is reliable, friendly and very knowledgeable. Chris was able to advise me as to best solutions for our electrical work and provided clear and accurate quotes. Standard of work was excellent and professional - I would definitely use C. J Sparks again. **Customer in Dorking, 23 May 2011**

Fitting a new Fusebox 10 / 10
 I was most surprised by the thoroughness of the quote where Chris explained the two types of fuse box and which would be best for my system. Other quotes were extremely brief and wanted to call to add to the quote no doubt. After settling on a date he arrived early, did a thorough job keeping me informed of what was happening and checked out all the electrical sockets before leaving a detailed report with future recommendations. Most electricians do the job and are in a rush to get away but Chris took his time with the emphasis on doing a good job. This is the second time I have used Checkatrade and have been impressed twice by the workmanship. **Customer in Croydon, 9 March 2011**

A number of electrical repairs such as the replacement of two dimmer switches and plug socket and ceiling pendant repair. 10 / 10

I cannot recommend Chris highly enough. He was punctual, efficient and courteous. His bill was exactly what he had quoted and he insisted on tidying up after the job. An excellent electrician who I would definitely use again. **Customer in London, 23 February 2011**
