Loft conversion and kitchen extension. 10 / 10

My work started in February with a loft conversion and then went straight onto a kitchen extension. The work was carried out to a high standard and each day they cleaned up the site before leaving. I was kept informed throughout how the work would proceed. Alan and Jamie also helped when I needed advise. I would recommend this firm and have already done so to my friends. If I needed work in the future I would definitely use them again. **Customer in Bournemouth, 26 August 2017**

Amazing team. Just got on with the job , did all and more to keep us happy all work carried out to a professional standard, from architect to planning all easy with the help of Alan I was led all through the process. They kept in touch with txt or call, what they did was make my life easy. All the lads cleaned up every day inside and out. Dean was fantastic doing a perfect match on the brickwork ..amazing skills, his brother Jamie cut the roof as if it was the easiest job in the world his skills equal to his brothers. in this modern age we were lucky to find a builder and sons who care.
