Painting of a ceiling 5.5 / 10
I was told it would take more than a day and it took 2 hours a bit expensive for 2 hours **Customer in London, 29 April 2019**

Reply from Trader:First of all I never told anyone how long it will take me to finish the job and we also agreed to get payed on a day rate. I was there a whole working day not just couple of hours and the guy never showed up and never met me on site.

Second: the posted job description was only ceilings but when I get there there was another guy who asked me to repair and paint ceiling, walls and even some exterior painting of the house. So for the day I did all of this and I got payed reasonably for it. That's a misunderstanding between them and that's not a reason to leave a negative feedback. That's something personal.
