Unblocking drains. 10 / 10

I was extremely impressed by Dave. He arrived at the time he said he would and got the work done extremely efficiently. He made no fuss about the fact that the access covers to the drains had been sealed in by previous workmen, he just got on with getting them opened again. He fixed our problem, was personable and courteous and left no mess and the cost was very reasonable. I would definitely use him again. **Customer in Surbiton, 19 June 2017**

New thermostat and modifications. 10 / 10

Dave could not have been more helpful, cheerful and efficient. Very fortunate to find him. **Customer in Kingston upon Thames, 16 September 2016**

Identified water hammer problem in loft. 10 / 10

Second time I have used Dave - he agreed to attend the property within 24 hours due to my concern about a constant noise in loft from cold water tank. He identified problem, but didn't have part on the van. He was reassuring in that the problem didn't need immediate attention, but was able to get the part very quickly and agreed to call back at a convenient time (for me) in order to fix the problem. **Customer in Surbiton, 12 December 2015**

Water stopped running in shower and bathroom blockage in the pipes 10 / 10

Work was completed within 40 minutes. We haven't had great or good experiences in the past with plumbers and were very happy to have a renewed confidence installed. The problem was identified and fixed quickly (despite the fact we

have a very old cottage with strange goings on). Dave was very friendly and we felt trustworthy and would have no hesitation in using him again. The problem appeared to be a blockage in a pipe which stopped water running into our bathroom. **Customer in Surbiton, 12 April 2012**
