 Very professional, clean, tidy and dedicated to do a good job. **Customer in London, 21 February 2018**

Thorough preparation and internal redecoration of entire house including woodwork (window frames, door frames and doors). 10 / 10
 The team's depth of knowledge and experience shows in their planning, methodology, and problem solving, and not just in the finished product. They pride themselves on using traditional methods and products, yet also were on the cutting edge of new products and colour schemes. They were happy to be client led in terms of colour choice, but always offered a view or advice if asked or client shows hesitation. Professional yet personable, reassuring trouble-shooters, they made the whole process easier to go through, and I was delighted with the finished result. **Customer in London, 27 November 2017**

 Professional, personable and respectful of property they are working in. This team blows any other decorators out of the water. Client led yet advisory. **Customer in London, 22 November 2017**
