Recent Customer Feedback

Outside glass balustrade, lighting and security lighting, raised flower bed. 10 / 10

Designed glass balustrade for difficult and awkwardly shaped patio area, researched and sourced materials, and planned in detailed consultations the bespoke balustrade, oversaw and arranged glass cutting and materials. Also he and partner Tony advised on and suggested new lighting and security lighting, and installed it quickly and efficiently in poor weather conditions. They consulted and advised at every stage. Together with the raised sleeper flower bed we are very satisfied with the very good work, and would use them again and recommend them without hesitation. **Customer in Newbury, 5 January 2018**

Rebuild of kitchen diner, porch and cloakroom to form new kitchen, cloakroom and utility room and refitting and finishing all rooms. 10 / 10

The work was completed to an excellent standard and in very good time. The new rooms especially the kitchen have been much admired. Michael and Tony made helpful suggestions about what could be done and solved problems as they encountered them. I am already arranging for them to do more work for me. **Customer in Newbury, 20 October 2017**

New ceiling to lounge with additional low voltage lighting 8.75 / 10

Not an easy job as a sloping ceiling and working at some height on scaffolding. **Customer in Reading, 1 August 2017**

Ceiling reskimmed and holes filled in walls 10 / 10

The job took around 1.5 days, repairing holes from removed spotlights in ceiling and a reskim to level off old Artex paint. Several new sockets had been installed, requiring a general tidy up. Michael was prompt throughout and very helpful. **Customer in Newbury, 26 July 2017**

Cut and fit fire door between hallway and garage.

10 / 10

Very professional workmanship. Friendly and very hard working. Will definitely use Michael again when required.
