Recent Customer Feedback

Fit new kitchen tap.

10 / 10

Karl was prompt, polite and professional. It turns out I bought a tricky tap with poor quality connecting pipes, but Karl persevered and managed to get everything connected and water tight. Very pleased! **Customer in Brighton, 15 November 2018**

Repair WC Cistern.

Very expensive £65 for 20 min labour **Customer in Brighton, 2 November 2018**

Reply from Trader: We are sad to hear that the customer feels we are expensive. We offer no call out, fixed prices, no fix/no fee and 'Job not done til job done' meaning that no matter how many times we return or what parts are needed to rectify any problems to our work we do not charge any more. A customer pays just the once. All of this is factored into our pricing system. We give the cost before we start work and we never know exactly how long a job will take. If this job had taken much longer, we still would have charged the quoted price given before starting work. We dislike charging by the hour and work on average prices, absorbing the risk if it turns into a nightmare job. We hope customers will look at nearly 800 reviews we have and appreciate the values we hold dear
